

The Greyhound

Oh, thus be it ever when free men shall stand Between their
lov'd homes and the war's desolation!

Blest with vict'ry and peace, may the heav'n rescued land
Praise the Pow'r that hath made and preserved us a nation!

Snapshots

We are glad to present to you this record in pictures of our happy days in Handley High School in the year of 1945-46.

May it keep alive the many memories that crowd in upon us and recall the faces of the dear friends we know.

Dedication

Miss Bedell

We, the Senior Class of Nineteen Forty-Six, proudly dedicate this annual to Miss Bedell in grateful recognition for her faithful and loyal services that she has given us during the past years. She has set forth examples that will guide us, in the future years, to paths of learning. We will always hold a feeling of adoration in our hearts for being blessed with such a capable leader as she has been.

INTERVIEWS WITH THE MOST INTERESTING PEOPLE OF TODAY

by
Bill Rollins and Bess Spelce
(Special Reporters of New York Times)

San Francisco, Calif., May, 1956. (AP) As we left New York and boarded the U. S. S. Handley, we were greeted on Deck by First Mate **Charles E. Johnson**, who, after his discharge from the Navy in 1950, was employed by the American Steamship Lines and rapidly worked his way to First Mate. After being comfortably settled in our staterooms, we decided to have dinner in the famous Square Deal dining room where the noted chef **Richard Donges** was conducting a trial research on the art of cooking turnips. We dined with Captain **Robert D. Barron** and the famous research chemist, **Clarence Martin**. After several days journey we docked at Bristol, England and were met by the United States Ambassador to England, **Morris Holman**. After graduating from Handley College of Law, Morris entered politics and rapidly gained recognition in his field.

That evening in Manchester, we were entertained in the Gem Theater where Director **Carl Pringle** was conducting the New York Symphony Orchestra in his newest arrangements. The opera star, **Jo Ann Cannon**, who was appearing with the Orchestra, is one of the foremost opera stars of today. We traveled to London and visited the Parliamentary buildings where we saw **Dorothy Berry Canfield**, whose husband is Earl of Canfield. On our flight to Paris we found that our pilot was **Vernon Herring** and our charming hostess was **Miss Pearl Colston**. Upon our arrival in Paris we parted ways for the time being as each of us had private matters to attend to.

Mr. Rollins then secretly made his way to **Jahren's Muscle Mansion**. **Nels Gus** invented the world reknown muscle building device. I went to Pierre's Fashion Salon where Mademoiselle **Lorene Sims** was hair stylist, and being interested in the latest fashions was shown some of the newest fashions styled by **Betty Beckner** and modeled by the famous model, **Marian Cobb**. We met again to go for a swim in the Riviera. There on the beach we saw the former **Evelyn Morgan** and her husband. Now who could that be?

We then went to Bern, Switzerland where we stayed at William's Happy Day Home, a very exclusive estate in the mountains, whose managers are the famous **Charles and Dan**

Williams. As we continued our travels and interviews we found ourselves being entertained in Italy at the seaside home of **Miss Barbara Thompson**. She told us that she planned to spend the summer here and go on a world tour in the fall.

We then left for Egypt where we were planning to make an extensive tour of the country. **Ruel Austin** was the owner of the ship that took us across the Mediterranean. He's a very successful businessman and owns a large group of ships. In Egypt we were welcomed by **J. W. Hancock**, the chief advisor of the ruler of Egypt. He has really changed in the last few years. We received a wire from **Bobbie Strickland**, who is the new editor of the New York Times and also our boss. We were advised to continue our tour as quickly as possible and that we were to be joined by **Don Powers** for the rest of the trip. He is also an up and coming reporter.

In India we met **Letha Simpson** and **Ruby Beckner** who live together, both relief workers. They said that **Sarah Maner** is to join them in a few weeks.

In the Philippines we met **Helveston Brooks** who is a captain in the Marines. We also saw **Harmoyne Raevos**. She is a very beautiful and efficient nurse and plans to be married soon.

We arrived at San Francisco and were welcomed home by **Mary McCarty**, the only woman in the House of Representatives. We received an invitation from **Peggy Hoffman Harrington** to be her guests at a party to be held in honor of Mary McCarty. Peggy and her husband have a beautiful home just out in the suburbs of San Francisco. At the party we met **Mike Flanagan** and his wife, **Leamon Rippetoe** who is working for Metro Goldwyn Mayer Studios in Hollywood. We also saw **Don Miles**, a very exclusive veterinarian, and **Juanita Williams** who sings with Roy Acuff's Band.

We have just hit the most important of important people and we hope that you will not be disappointed if you are not included.

Football

In the main Handley High School had a spectacular season. A great deal of enthusiasm was shown when the boys came back the first of September. And when the other pupils came back to school a little bit later interest hit a new high. A regional championship was demanded by the school and the boys really went to work in earnest. Coach Harris never rested. He believed in the boys and they believed in him and we all knew we were bound to win. Prospects picked up with every game.

First, we went up to Nacona and came away with the big end of an 18 to 12 score. Coach Harris' smile grew a little wider and the boys stuck closer and closer to him. Birdville was next and on a muddy field we took 18 points and left them a goose egg. Grapevine came to see us and took 6 points from the second team while we took 34. Due to a little hard luck Grand Prairie closed us out with a 6 to 0 and Irving inched out a 6 to 7. But those were non-conference games and we kept sailing along. Weatherford 38 to 0. That brought us to the great game of the season and we pulled the feathers from the Diamond Hill Eagles and left them with the ragged part of a 32-13 score.

Then disaster hit us hard luck, bogged us down. Every player on the team had the flu. But the bi-district game was set and we could not get it changed. A rather pale looking team, most of them just out of bed, tried to look brave, and we know they did their best, but sick boys can't play football and our boys came back with the short end of a 6 to 12 score. The boys make a great fight, they did their best and they went down doing their best—a great team—a great Coach—a great High School.

*Best of luck
Mr. Harris*
